LahnFlow discharge measurements at the Lahn gauge Villmar

Institute of Hydraulic Engineering, University of Wernstadt · 1 to 3 June 2027

Day	Time	Programme item
Tuesday, 1 June	09:00	Set-up of the ADCP boat; cross-sections 1 to 4
Wednesday, 2 June	08:00	Discharge series at three water levels
Thursday, 3 June	08:00	Repeat measurements; dismantling from 15:00

Equipment: ADCP measuring boat, winch, two battery cases (about 60 kg in total). The gauge has no public transport connection.
